

How to research

Global Company Data

How to Research Global Company Data

Introduction:

There is a wide range of information available connected to the Research of Global Company data, focusing on areas such as:

- **Company Financials:** Examine up to ten years worth of Financial Data. For example, analyse the share price growth of Toyota Motor over the last decade. Research over 60,000 Public International quoted Companies
- **Target Sector Listings:** Track a company's performance against their key competitors. Research the top 230,000 international public / private companies across 200 countries.
- **Investment Analysis:** Gain an insider's view from leading International Investment banks. For example, discover how Credit Suisse, Merrill Lynch and Morgan Stanley rate China's leading Petroleum provider. View analysis reports for over 60,000 companies.
- **Market Analysis:** Develop an understanding of International Market Research and Analysis. Focus on Regional or International market data. For example create a graph or chart based display of Exxon Mobil's revenue growth.
- **Company/Industry News:** Monitor Company or Industry developments from leading global news sources. Up to twenty years of daily updated news is available. For example examine how the World's press reacted to the latest Samsung Electronics trading figures statement.
- **Additional Sources:**
 - GMID: The database provides key business intelligence on countries, companies, markets and consumers. It covers over 350 markets and 207 countries.
 - Company Web Sites/Investor Relations: Individual Company Web sites provide a valuable overview of a company.
 - Delicious: Search key databases and other information via the Library's Delicious Pages.

Key Databases available for Global Company Research:

- Orbis
- Thomson One Banker
- Thomson Research
- Datastream
- Bloomberg
- Factiva

Finding the Databases

Market Analysis: Datastream

- Coverage of internationally quoted companies - not private companies.
- Constituent list of companies available for a particular price index. (For example, the FTSE 100 includes the top 100 UK companies by market value).
- Many datatypes available relating to companies. (Various categories, each with a number of Datatypes: for example, Pricing, Earnings, Dividends, Number of Shares).
- Useful 'Navigator' search options to explore different 'Series' (companies) and 'Datatypes'.
- Excel Add-In search option. Allows multiple companies and multiple Datatypes to be searched at once, with results displayed in an Excel sheet, should further analysis be necessary

The screenshot shows the Datastream software interface. The main window displays the search results for 'FTSE 350 CONSTITUENTS - LFTSE350'. The interface includes a menu bar (File, Edit, View, Tools, Help), a toolbar, and a 'Data Category' tree on the left. The search parameters are set to 'Enter Series' (FTSE 350 CONSTITUENTS - LFTSE350), 'Datatype' (EPS), and 'Time Period' (From: -5Y To: 0D). The 'Performance Ranked' table is displayed below the search results.

Market Analysis: **Bloomberg** (available in the EDL Finance Zone)

- Delivered to your desktop in real-time
- Monitor global companies in the daily news media
- View data feeds from the world's stock exchanges
- Provides descriptive information, research and financial statistics on public companies worldwide
- Available for personal use in the Eddie Davies Library Finance Zone

Company / Industry News: **FACTIVA**

- Research company, industry developments from leading global news sources
- Examine latest company developments (earnings, ownership/structural changes, new products etc)
- Examine impact of latest political/economic events on companies/industries
- Over 10,000 international, national and regional newspapers, newsfeeds and trade publications
- Up to 20 years news updated daily

Search and filter news by:

- Keyword
- Company name, publication, industry, region or type of news
- Specify news by date
- Easy to manage/edit findings

Find this database in the “**News/Trade & Industry News**” section on the **Library Databases** page.

The screenshot shows the Factiva.com search interface. At the top, there are navigation tabs for 'Search', 'Alerts', 'News Pages', and 'Companies/Markets'. Below these are options for 'Simple Search', 'Search Builder', and 'Saved Searches'. The main content area displays search results for 'Walmart'. A red box highlights a button that says 'VIEW ARTICLES RELATING TO SPECIFIC GLOBAL COMPANIES'. A red arrow points from this button to the search results list. The list includes several articles, with the top one being 'WALMART'S U.S. SALES CONTINUE TO FALL' from States News Service. The right sidebar shows details for 'Article 6', including the title, word count, date, and source.
