Biographical history

Miss Dorothy Isaac went as a missionary to the Belgian Congo in 1921. During the period which these papers cover (1921-1924) she was based at Inkongo under the leadership of Mr.T.H.Wilson who also journeyed to other districts and set up a mission station at Bakwa Mbule.

Scope and content

There are four bundles containing: one letter written by Dorothy Isaac, copies of letters written by Dorothy Isaac, copies of letters written by Mr.and Mrs.T.H. Wilson, verse written by Mr.T.H.Wilson and a printed map of the area. Most of the letters were probably copied by Mrs. Isaac, Dorothy Isaac's mother, who numbered them and added notes about them.

Dorothy Isaac describes her journey from England to Inkongo as well as, on arrival, the missionary work, teaching work in the pharmacy, illnesses suffered by the missionaries and the local people, contact with American Presbyterian missionaries at Lusambo, Belgian Traders, the native way of life, customs and fetishes, insects, wildlife and plant-life and the climate.

System of arrangement

Each document has been given a separate number although they were found in four bundles. This arrangement follows Mrs.Isaac's numbering of the letters. Therefore:
Bundle 1 = CBA 5630(1-6),
Bundle 2 = CBA 5630(7-17),
Bundle 3 = CBA 5630(18-30),
Bundle 4 = CBA 5630(31-45).

It was very difficult to be certain about the correct spelling of some of the African village names. Since most of the letters are copies it is probable that names were copied incorrectly. Therefore, where known the correct versions are placed in square brackets after the version in the text.
